

PDL7100

**THE RIGHT TOOL WITH THE RIGHT SUPPORT
FOR THE RIGHT FIX RIGHT AWAY**

THE STANDARD IN INFORMATION AND DIAGNOSTICS SYSTEMS

PDL 7100

THE SUPER-FAST, SUPER-SMART, SUPER-EASY SUPER TOOL

Your job calls for having all the right answers every time you make a repair. But for that, you need the right diagnostic tool- from a company you can trust. The PDL 7100 provides the information and resources you need to get the job done. It even gives you access to Intelligent Diagnostics for filtered codes and vehicle-specific data to help you find the right fix fast. Everything you need, and nothing you don't. For that specific issue on that specific vehicle. All right there, when and where you need it.

Hardware

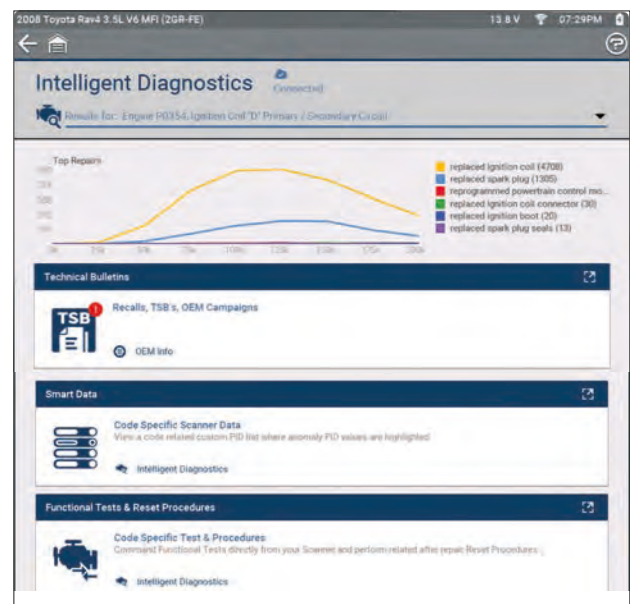

The best tools help you get things done instead of getting in your way. Designed to withstand the rigors of the shop environment, the PDL 7100 features a sleek, sophisticated design, with a four-way thumb pad for quick navigation, a 9" capacitive color touchscreen display for improved readability and for more productivity in the garage.

Experience-Based Software

Working smarter means getting answers faster than ever, without unnecessary information stealing focus from the job at hand. Intelligent Diagnostics on the PDL 7100 simplifies your workflow, with SureTrack® delivering verified parts replacement records along with Smart Data for relevant vehicle and code-specific PIDs and access to prefiltered functional tests to verify repairs.

Intuitive Start Screen

The Intelligent Diagnostics landing page shows you a comprehensive view of a logical diagnostic workflow, guiding you through the repair you're working on and avoiding unnecessary steps along the way - all on a single screen.

THE RIGHT TOOL WITH THE RIGHT SUPPORT FOR THE RIGHT FIX RIGHT AWAY

IN A WORLD OF HAYSTACKS, BE THE ONE WHO FINDS THE NEEDLES.

Driven by Fast-Track™ Intelligent Diagnostics from Snap-on, the PDL 7100 saves you time by filtering a universe of data and guiding you directly to the answers you need - so you can find the right fix every time.

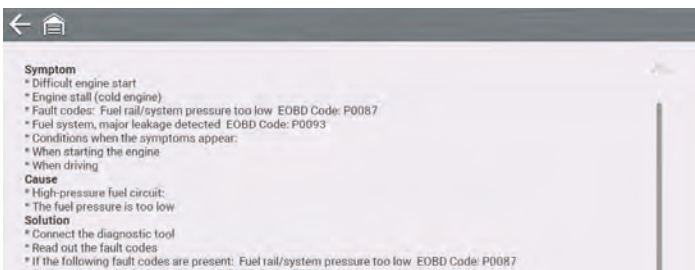

Top Repairs

Graphical display of the specific parts and procedures most frequently used at a specific mileage to fix the selected code.

Technical Service Bulletins

Up-to-date, one-click access to relevant vehicle and code-specific Original Equipment Manufacturer-specific Technical Service Bulletins (TSBs).

Smart Data

Relevant Parameter IDs (PIDs) for the specific vehicle and code, highlighting those out of expected range.

Functional Tests

Access to a pre-filtered list of functional tests and resets, letting you quickly verify component operation - with easy-to-follow procedures to confirm and validate your specific repair.

Intelligent Diagnostics

Functional Tests and Reset Procedures Related to: P0087

Functional Test

Fuel Flow Regulator

Reset

Injector Programming

Service Resets and Relearns

Access to reset and relearn procedures, letting you reset learned values when you fit a new component to the vehicle you're working on - plus a repairs graph and any available TSBs for every test.

Code Scan and Code Clear

Lightning-fast code scans, with a complete overview of the vehicle and its history for fast fault diagnosis and workflow organization; "Clear All Codes" lets you quickly finish the repair.

Pre and Post Scan Capability

Faster approvals, histories, repairs and payments - thanks to reports (including specific ADAS calibration reports) that help you build customer confidence and quickly finish every job.

360 DEGREES OF INTELLIGENCE YOU CAN TRUST.

Hardware

- Sleek, sophisticated design developed specifically for the garage environment
- 9" capacitive color touchscreen display for improved readability from any angle - and superior visibility indoors or out
- Fast bootup and one-touch code scan and clear, letting you move quickly from start to print
- 5 GHz wireless compatibility

Software

- Access to Original Equipment Manufacturer (OEM) specific coverage for more than 100 vehicle systems related to nearly 40 manufacturers
- Instant vehicle identification for most 2008 and newer vehicles
- Advanced graphing features and OEM-level data
- Up to eight live data parameters displayed onscreen at a time
- Records all data, all the time for easy switching to view alternate parameter IDs (PIDs)
- One-click access to relevant vehicle- and code-specific technical service bulletins (TSBs)
- Comprehensive and detailed functional tests

Experienced-Based Software

- Patented Fast-Track™ Intelligent Diagnostics workflow and filtered information for bringing focus to the specific vehicle and code you're working on
- Access to the 2019 Queen's Award-winning Sure-Track™, a patented resource for verified parts replacement records harvested from millions of successful repairs
- Access to common procedures, specs and service interval resets
- Patented Smart Data, delivering relevant vehicle- and code-specific PIDs with known-good values

Unmatched Customer Support

- Our Subscription programme allows you to maximise your earning potential, ensuring your tool maintains the same performance as it did on Day One. Regularly scheduled software upgrades - and the ability to self-download these - coupled with full access to the Intelligent Diagnostics features ensure that your diagnostic tool continuously provides you with our most advanced, up-to-date data & information
- The Snap-on Cloud at altusdrive.com: save, sort and share pre/post scan and ADAS calibration reports - and show your customers the value of the work you do

ENOUGH WITH THE INFORMATION OVERKILL.

You don't want to be bogged down by too much information when it comes to making the right repair. Only Fast-Track™ Intelligent Diagnostics from Snap-on filters a universe of vehicle-specific data, constantly updated through a convenient cloud-based platform, to help you make quick, confident repairs - and get your customers back on the road. No other company can match our data, and no other company can make it this easy to use. Simplify your diagnostics. Find the platform that's right for you at
