

EZ ADAS

RECALIBRATION SYSTEM

EASE OF USE

WITH HIGH PRECISION

THE STANDARD IN INFORMATION AND DIAGNOSTICS SYSTEMS

EZ-ADAS

MUCH MORE THAN JUST AN ADAS RECALIBRATION SYSTEM: A KIT OF ADVANCED TOOLS COMBINING EASE OF USE WITH HIGH PRECISION.

EASE OF USE
WITH HIGH PRECISION

PDL4100

UNIQUE OEM BASED CENTERLINE SETUP PROCESS

The new EZ ADAS system consists of just three elements which are easy to handle and position and can be compressed after use. It integrates with the majority of existing wheel alignment systems (including John Bean® and Hofmann®) and works in perfect synergy with all SUN diagnostics tools (PDL4100).

EZ-ADAS RECALIBRATION SYSTEM

Ever more sophisticated and widely used, ADAS systems represent a challenge for bodyshops and car repair shops - a challenge that conceals a big opportunity. Even the simplest repair may involve one or more ADAS devices. A precise and efficient ADAS recalibration system can thus open up new business opportunities.

Innovative standards.

The EZ ADAS recalibration system is an advanced kit of precision tools designed to innovative standards which is easy for even the first time user to use. Once the geometrical driving axis has been identified in a user-friendly procedure, rapid repositioning of the target with laser pointing assures accurate, foolproof results. The entire guided recalibration procedure consists of just a few easy steps - up to 40% less than the majority of commercially available systems - resulting in significantly improved productivity.

Features.

LASER TECHNOLOGY

Laser-guided positioning for a fast and accurate target placement.

MIRROR LASER STAND

Easy centerline setup using mirror stand for accurate positioning.

PATENT-PENDING TARGET POSITIONING

Target placement guides with OEM specifications.

FOLD-UP AND ROLL AWAY

Space-saving design reduces the need for extra shop storage.

UP TO 40% FEWER STEPS
THAN OTHER AFTERMARKET
ADAS SYSTEMS

EXCLUSIVE MOBILE APP

Get access to real-time data for OEM diagnostic updates and ADAS setup.

EZ-ADAS offers a exclusive APP with step-by-step videos that includes all information needed to perform recalibrations. It's the perfect combination between tutorial videos for target placement and data, right at your fingertips.

EZ-ADAS RECALIBRATION KIT

Cod. 1911111 - 11/2019

BASIC KIT

FRONT CAMERA TARGETS

NISSAN® | INFINITI®

NISSAN® | INFINITI®
